Building a better
working world

EY Finance Navigator

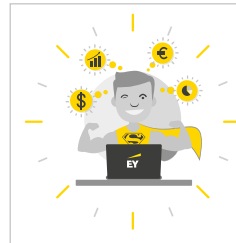

Online financial planning software specifically designed for startups and scale-ups

What do you get?

Complete financial model

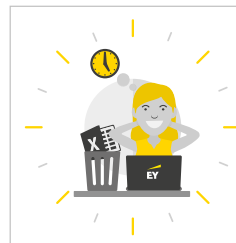

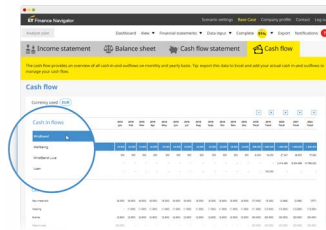

Create a professional financial plan including automatically calculated financial statements and a KPI dashboard containing all metrics you need and investors require.

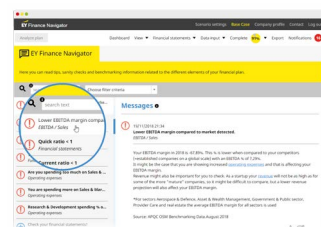

Easily create financial projections helping you anticipate cash shortages and the funding needed to achieve growth.

Monthly cash flow projections

We automatically generate an overview of all cash in- and outflows on monthly basis so you can anticipate cash shortages and funding needed months ahead.

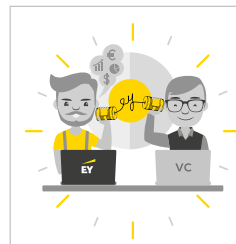

Save time, errors, and headaches of having to build financial models from scratch using spreadsheets.

Financial analysis and benchmarking

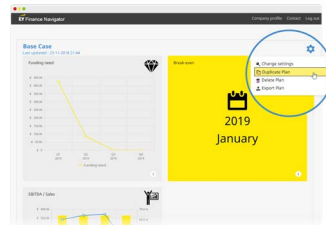

No need to be a financial expert. Finance Navigator's algorithm can do an instant analysis on your forecast providing you with benchmarking data and improvement points.

Be better prepared for discussions with investors with the financial understanding and information investors typically require.

Scenario analysis made easy

Duplicate your financial model and make quick edits or build new ones from scratch. Compare differences across scenarios in a blink of an eye and make better informed strategic decisions.
